

Charleston Area Regional Transportation Authority

**To: All Vendors**

**From: Jason McGarry, Procurement/ Contracts Administrator**

**Date: October 13, 2023**

---

**This Addendum No. 2 modifies the Request for Proposal (RFP) only in the manner and to the extent as stated herein:**

Dropbox Link - [Link to supplemental documents](#)

- 1. To calculate the subscription fee for the duration contract we would need the exact numbers of buses/dispensers, which should be integrated in the CMS. Could you please provide these figures for each of the first 15 depots + 5 remote (on-route) charging locations?**
  - a) 33 buses, 43 single port dispensers, and 3 dual port dispensers. An additional on-charger will be commissioned in April 2024.
  
- 2. How is the electrical setup of power supply regarding Renewables, Energy Storage, Onsite Generation, Backup power?**
  - a) The system is not configured with Renewables, Energy Storage, Onsite Generation, or Backup power. It is direct feed from the electrical grid.
  
- 3. Is an electrical topology description per Depot yet available?**
  - a) Please see Dropbox link for drawings
  
- 4. Is there an API description of the fleet telematics available?**
  - a) CARTA has web-based access to Valence software for Proterra and the NFI Connect software for New Flyer. There have not been discussions on with those vendors about an APIs to date.
  
- 5. Are SIM cards in scope for the vendors or will they be provided by the Agency?**
  - a) SIM cards will be agency-provided.

---

OFFEROR SHALL ACKNOWLEDGE RECEIPT OF ADDENDUM NO. 2 IN THE SPACE PROVIDED BELOW AND RETURN WITH SUBMITTAL. FAILURE TO DO SO MAY SUBJECT PROPOSAL TO REJECTION.
